

MAEER's
MAHARASHTRA INSTITUTE OF PHARMACY, PUNE

ANNOUNCES

CERTIFICATE COURSE ON INTELLECTUAL PROPERTY RIGHTS

(November 14-December 2014)

(Every Saturday and Sunday)

Maharashtra Academy of Engineering & Educational Research (MAEER) Pune, popularly known as M.I.T. (Maharashtra Institute of Technology) established in 1983 is a well-known educational organization providing KG to Ph.D. education. Under the patronage of MAEER, a truly multi-campus and multi-disciplinary organization is providing education in the field of Engineering, Management, Pharmacy, Medicine etc. All the courses are affiliated to various statutory universities and approved by ICTE/PCI/MCI or other respective statutory bodies. Some of these institutions also conduct various autonomous job oriented courses catering to present needs of the Industry & Research. **MAEER's Maharashtra Institute of Pharmacy (MIP)** was established in 1997, a pioneering Pharmacy Institute in Pune region of Maharashtra. **“The Institute is maintaining a culture of value based education & is one of the best pharmacy institutes practicing discipline, culture and professionalism.”**

OBJECTIVE

The objective of this Course is to provide in-depth knowledge of the laws and process related to Trademarks, Copyrights and other forms of IPs with focus on Patents, the Indian and International Patent filing procedure, drafting patent application and conducting prior art searches. Students will be exposed to the technical, management and legal aspects of IP and Patents.

POTENTIAL FOR PATENT SERVICES

In recent years there is a rapidly growing demand for trained Patent professionals, agents and litigation attorneys in India and abroad. Across the world various companies, particularly in the knowledge based businesses, such as Pharma, IT, Biotech, Agro, Automobiles, and Consumer products etc. are increasingly pursuing patent protection of their innovations, and are looking at building large patent portfolios. In all, there is a great deal of patenting activity in companies across the world and the need is driven by:

- Global upsurge in innovation and increasing demand for Patents
 - Growing outsourcing / off shoring opportunity in the field of patents and IP litigation
 - India's growing R & D operations - requiring patent expertise and coverage of innovations internationally
 - Direct relationship between Foreign Direct Investment and IP/ patent protection in developing nations
- In order to meet this growing demand of patent professionals in India, MIT is conducting this unique certificate course and exposing the students to the life cycle of different types of intellectual property rights with focus on patents.

BENEFITS OF THE COURSE

Doing the course will help the students seeking attractive IPR-related career opportunities in

Knowledge Process Outsourcing (KPO) companies, Legal Process Outsourcing (LPO) companies, IP departments of Indian Corporates, MNCs, Government institutions, law firms etc. The course is also beneficial for entrepreneurs and professionals who wish to harness, protect and maintain the IP created.

ELIGIBILITY

The course is highly recommended for graduates, post-graduates & PhDs in pharmacy, sciences, engineering, biotechnology etc. who are seeking advanced career-oriented knowledge in the Patent-related field.
